

4728 - Handy Start and Tear

Overview:

Handy Start & Tear is a redesign of the retired 1534 product. Special Bladeless Application Tape Technology (BATT) allows for this tough product to be pulled or stretched before breaking while fingertip-friendly from starter tab to core

About Our Product:

- Easily find the tape edge
- Pulls off the roll smoothly and silently
- Heavy duty yet easily torn by hand
- No cutting device or dispenser needed
- Effortless use from start to finish
- Resists temperatures from subzero to 200° F
- Great for long term storage

Product Specifications:
